AN ELITE LANDSCAPE COMPANY

## *See Yourself Here!*

### LET'S GROW BEAUTIFUL TOGETHER

Launch your career in a fast-paced, hands-on environment with Milosi! We offer a structured internship program that gives you the tools you need for the summer and beyond. During our 12-week program, you are fully immersed in all aspects of landscaping excellence. You have the opportunity to meet customers, learn design, partner with our field team and discover the strategic aspects of what it takes to grow a landscaping business. Interns gain experience in commercial and residential construction, commercial and residential maintenance, seasonal color, irrigation, hardscapes, drainage and tree and shrub care- just to name a few!

*"Milosi was founded as a family business, and that family dynamic is what keeps our company thriving."*

### WHAT A DIFFERENCE MILOSI MAKES

Milosi is an outdoor living professional company dedicated to building custom outdoor living spaces in Middle Tennessee. Our team of designers, horticulturists, licensed contractors, and project managers create impactful, balanced, and thriving outdoor living spaces with hardscaping and landscaping that are sure to wow anyone.

AN ELITE LANDSCAPE COMPANY

## WORK HARD AND PLAY HARD

Gone are the days where interns fetch coffee and make copies all day. At Milosi, we believe an internship is not just an opportunity to learn the business- it's an opportunity to learn yourself.

*"We believe we do the best work because we empower the best team members"*

Together we uncover your true passions for the industry and how to best align them with long-term career planning. The Milosi internship program provides one-on-one time with each department manager that allows you to ask questions, provide feedback, and influence decisions. We provide an engaging work environment that is fun, honest, open, and productive. We offer an accelerated placement option for interns who return to our team for full-time employment. Sound like the place for you? We'd love to have a chat!
